

In your dreams you are invited  
Only a few can hear their calling  
Wake up, you girl, they're sent for you  
Blue sea is going to capture you

You're going to sing with us, green-eyed  
We're going to lure you here  
Waving drowsy waves  
Seeking for broken hearts, wanderers waving goodbye  
For the last time

I can hear my thoughts, I'm aching recollections from past life  
Waves pull me down, I'm scared I will die  
I'm paralyzed inside my mind

You're going to sing with us, green-eyed  
We're going to lure you here  
Waving drowsy waves  
Seeking for broken hearts, wanderers waving goodbye  
For the last time

[Guitar and keyboard solos - Tuomas]

I'm going to sing with the green-eyed  
I'm going to lure you here

I'm going to sing with the green-eyed  
I'm going to lure you here  
Chanting drowsy waves  
Seeking for broken hearts, wanderers waving goodbye;  
I'm sorry
