

## Lost Soul

Amberian Dawn

Leaving his dreams and family  
Leaving the life behind  
Searching his will and  
Searching his hope  
Searching the peace of mind  
Off to the valley  
Off to the shore  
Off to the seven seas  
Wandering man and  
Wandering soul  
Wander land of dreams

Chorus:

Now long and dark is the road  
And heavy is the load  
And you're about to fall into emptiness  
Your eyes are losing the light

2x

Take me into your arms  
Take away  
Take me with thee and flee  
Calm restless heart  
Calm sirens call  
Calm me before I fall  
Aching in me and  
Ache in my veins  
Ache from the venom sweet  
Forgive me my love  
I'm already lost  
No more for you to keep
