

## Cryin' In The Rain

Ambrosia

Lookin' for affection  
Look in my direction  
Honey, don't you hesitate  
You say you're such a young girl  
Livin' in a rough world  
Let me try and ease your pain  
But someone's cryin' in the rain  
Someone's cryin' out loud  
Someone's callin' your name  
Someone's callin' it now  
It's madness  
Baby, look into the madness  
Girl, don't let your sadness  
Keep your love away right now  
How I'd like to hold you  
Things I'd like to show you  
Can I get to you somehow?  
But someone's cryin' in the rain  
Someone's cryin' out loud  
Someone's callin' your name  
Someone's callin' it now  
It's madness  
Baby, the rain it keeps on fallin'  
Who in the world will stop the rain?  
Baby, the rain - it keeps on fallin'  
Who in the world will stop the rain?  
Lookin' for affection  
Look in my direction  
Honey, don't you hesitate
