Heart To Heart

Heart to heart Soul to soul Feeling lost Everywhere I go Love to love Or hold to hold Choose your cost Be it pain or Be it gold Ain't there nothin' In this world You can count on? Ain't there nothin' In this world to believe? Save a gypsy's song When she's singin' With a violin sweet? Heart to heart Soul to soul Feeling lost Everywhere I go If only, my love, You would try, love, You could reach me Long enough to teach me All in time, love, Will we find love But it taunts me You don't seem to want me Why does your love haunt me Everywhere I go? Heart to heart Soul to soul Feeling lost Everywhere I go, Everywhere I go
