

## Rock N' A Hard Place

Ambrosia

I've waited twice as long as any man should  
To tell you how I feel  
You gathered in my chosen words  
And ground them underneath your heel  
I asked you for a bit of time  
A little breathin' space  
But your gift to me was  
A rock n' a hard place  
Rock n' a hard place (Leaves a man no place to go)  
Rock n' a hard place (Ain't no room for love to grow)  
Rock n' a hard place  
Rock n' a hard place  
I laid too high a stake on lovin' you, babe  
To let you say goodbye  
How could you think I'd last alone?  
I can't go on  
There's no use tryin'  
I'm askin' for a second chance  
A little savin' grace  
You're leavin' me between  
A rock n' a hard place  
Rock n' a hard place (Leaves a man no place to go)  
Rock n' a hard place (Ain't no room for love to grow)  
Rock n' a hard place  
Rock n' a hard place  
Won't you tell me why  
You're leavin' tonight  
Throwin' our love away?  
Don't you see my plight?  
It just isn't right  
To be left this way  
I've waited twice as long as any man should  
To tell you how I feel  
You gathered in my chosen words  
And ground them underneath your heel  
I asked you for a bit of time  
A little breathin' space  
But your gift to me was  
A rock n' a hard place  
Rock n' a hard place (Leaves a man no place to go)  
Rock n' a hard place (Ain't no room for love to grow)  
Rock n' a hard place  
Rock n' a hard place  
Rock n' a hard place (Leaves a man no place to go)  
Rock n' a hard place (Ain't no room for love to grow)  
Rock n' a hard place  
Rock n' a hard place
