

## Shape I'm In

Ambrosia

When you're in the shape I'm in  
It's tellin' me somethin'  
It's givin' me warning  
It's gotta be rough, man  
When you're in the shape I'm in  
From all of your lies  
You left me cryin'  
Didn't know where I could turn to  
You said you loved me  
And you turned your back on me, girl  
And I believed in all your lies  
You took my heart and soul  
And now the pain won't go  
When you're in the shape I'm in  
It's tellin' me somethin'  
It's givin' me warning  
It's gotta be rough, man  
When you're in the shape I'm in  
From all of your lies  
Was I the one man  
That you said you'd always stand by  
But when the hard times came  
You left without a goodbye  
Was I a fool to let you go?  
How can I feel alive  
When I just feel like dyin'?  
Can't you see I'm a man who's cryin'?  
You took my heart and soul  
And now the pain won't go, no  
Shape I'm in  
From all of your lies  
Was I a fool to let you go?  
How can I feel alive  
When I just feel like dyin'?  
Shape I'm In  
When you're in the shape I'm in  
From all of your lies
