

Stay Tuned

Ambulance Ltd

What would I do without it?
Think I'll get down like then
I've got to move or sinking
And I only came to when

Stay pretty
I'll come back sometime and soon
And while I'm away: stay tuned

I'll get a suit and a rocket
And take to the end of the space
You make me want to say pretty things
To leave me far away

Look up and I put your flag on the moon
And while we're away: stay tuned
Stay tuned, stay tuned, stay tuned

Stay tuned, stay tuned
Stay tuned, stay tuned
Stay tuned, stay tuned
Stay tuned, stay tuned
