

Merciless Vain Reign

Amduscia

I lost goodness for you
My sin is to know oneself
And see the rotting inside of me

You destroy my mind

In your name of god
I can see you crap
In your name of god
Fucking servant

Condemn me in your game
That you'll believe

This is a mourning from which you'll never be again

You'll scratch your legs
You'll swallow my sperm
What's your vanity?
This is your reality

Shout, I know you'll lose
I know you'll bleed
