Merciless Vain Reign

Amduscia

I lost goodness for you
My sin is to know oneself
And see the rotting inside of me

You destroy my mind

In your name of god I can see you crap In your name of god Fucking servant

Condemn me in your game That you'll believe

This is a mourning from which you'll never be again

You'll scratch your legs You'll swallow my sperm What's your vanity? This is your reality

Shout, I know you'll lose I know you'll bleed
