

Say Goodbye

Amely

Sink or swim
Leave it all behind
Don't give in
Just carry on
It's your moment now
Just carry on
It's your moment

Make or break
It's up to you to find
Your own way
So carry on
It's your moment now
So carry on
It's your moment

Let it go
Make a change
And say goodbye

This is your chance
Lift up your hands
Don't give a damn or understand
Get up get out and scream
No looking back you've gotta go
This is your fight
Tell them you're right
You're gonna make it if you try
So here we go
Get up get out and scream
Roll the dice on the rhythm of the road

Run like hell
Make a getaway
On your own
You will define
It's your moment now
You will define
It's your moment

Break the ties they expect
And don't give yourself away
We're too alive
It's your moment now
We're too alive
It's your moment

Let it go
Make a change
And say goodbye

This is your chance
Lift up your hands
Don't give a damn or understand
Get up get out and scream
No looking back you've gotta go

This is your fight
Tell them you're right
You're gonna make it if you try
So here we go
Get up get out and scream
Roll the dice on the rhythm of the road

If you look into the night
You'll see the life that you find
Is everything you could be
And if you just say goodbye
Your dreams will be realized
Come on and sing it with me

This is your chance
Lift up your hands
Don't give a damn or understand
Get up get out and scream
No looking back you've gotta go

This is your chance
Lift up your hands
Don't give a damn or understand
Get up get out and scream
No looking back you've gotta go
This is your fight
Tell them you're right
You're gonna make it if you try
So here we go
Get up get out and scream
Roll the dice on the rhythm of the road
