

## Bring Me the Heads

Amen

Bring me the head of Roman Polanski  
Bring me the legs of Fred Astaire

We come from a place called heaven  
That you made hell, that you can sell  
We set fires to this lesson  
That heavens sell, that lesson failed

War, we need this war  
War, we need this war  
Right on

Bring me the head of Roman Polanski  
Bring me the legs of Fred Astaire

We come from this hell called heaven  
That vision's held, that vision killed  
We set fires to your lessons  
Your babies kill, your babies guilt

War, we need this war  
War, we need this war  
Right on

Sell it now, selling out  
Everyone you know is selling out  
Sell it now, selling out  
Everyone you know is selling out

?Cause there?s a war and you believe it  
?Cause there?s a war and you don?t care  
Sell it all, sell it now, sell it now

?Cause there?s a war and you don?t see it  
?Cause there?s a war and you don?t care

Sell it now, selling out  
Everyone you know is selling out  
Sell it now, selling out  
Everyone you know is selling out

Bring me the head of Roman Polanski  
Bring me the legs of Fred Astaire
