

## Fevered

Amen

A nation of fools a nation of lies  
1000 fools for 100 lies  
Believe nothing that i tell you  
Believe nothing that i say

Fever.got you fevered

Going down on everything i wanted  
I'm sucking off anythign diseased  
This that this and that this and that  
Bombing every fear i need

Fever. got you fevered

Can't you feel the bombs around?  
Comeing home and falling on you  
Get it? get it? get it? get it? no get you fevered
