

I Don't Sleep

Amen

And i have seen what your children see
All these nuns are pregnant, dance in kerosene
Stand defiled and dewombed
Unreconciled flooded girls at the back of my window!

And i don't sleep

Father sees what baby breeds
Through the windshot windows
That torture freely
I can't see what the day light breeds
All the fattening mothers
And their tortured sexing!

I don't sleep
Tied up
Tied up
Tired
I'm tide up

Don't eat don't sleep don't dream in america
Don't work don't walk don't wake in america
