Resignation / Naked and Violent

Burn!

I can't stand this face and everything you fed Forcefed me the enemy And i take the things i know i shouldn't have Turned me into the enemy

Station station - remote control Frustration station - that sold his soul

"cause i sold myself to today" [???]

It's a solitary, solitary New war station, watch it burn the nation

I destroy myself cause i can't free Free the world of the enemy The pigs they have and the gods they feed Feed the lives of the enemy

Station station - frustration station

"it's the violence in the silence"

It's a solitary, solitary New war station, watch it burn the nation

Station station - resignation

Leave the lights on, leave the stains Through the walls of this decay Sedate the innocent Fall from these loaded wings Circumsized + sterilized Circumsized + paralized Free the innocent Free the mother lies in Milkcarton house hi-rise Bloody little lamb of fathers eye Bad people, bad world The bad pusher in a bad design! The bad pusher in a bad design! The bad pusher in a bad design! Circumsized + sterilized Circumsized now paralized Circumsized + sterilized Desensitized insentient eyes Free the innocent (i break this skin) Free the mother lies (to let it in) Free the innocent (i break this skin) Free the fuckin lives of... (to let it in) Leave the light on, leave the stains Leave the light on, free the stained Naked + violent! The end of america! Naked + violent! The end of america!

Amen
