

# Shut Up

Amen

I'm the man downtown  
South central la  
Time to roll now  
Got the cause got no goods  
Shotgun on my side  
Not too much to bleed  
Big time big man  
Got my gun  
Got my plan

I'm past the central  
Downtown la  
Tidal wave excursion  
Goddamn that scene  
Too much color too many faces  
Too many words  
Goddamn their places

My father's not in heaven  
My mother's not the same  
Goddamn this town took centuries  
Separate downtown in my way

Keep it down  
Just keep it down  
You gotta keep it down  
Keep quiet now  
Keep it down  
Gotta keep it down  
Just shut up  
Keep it

My father  
My father  
My father  
My father  
My mother  
My murder  
Just keep it down  
Keep it down
