

## Bell Tree

America

Eyes

Holdin' back the tears  
That they've held for years

How can I tell you?  
I don't want to make you cry  
Why should I even try?  
Why should I even try?

Days

Where'd you go so fast  
Fin'lly lost at last

How can I tell you?  
I don't want to let you down  
Why should I even try?  
Why should I even try?

How can I tell you?  
I don't want to let you down  
Why should I even try?  
Why should I even try?
