Clarice

America

Clarice lay down your mind, it's there just hard to find Follow me as we wind our way, away

Behind an open door there lies a million more Follow me as we wind our way, away

Time is coming soon I'll find you (Time is coming soon I'll fin d you)

Time is coming soon I'll find you (Time is coming soon I'll fin d you)

Time is coming soon, time is coming soon

Behind an open door there lies a million more Follow me as we wind our way, away

Time is coming soon I'll find you (Time is coming soon I'll fin d you)

Time is coming soon I'll find you (Time is coming soon I'll fin d you)

Time is coming soon, time is coming soon
