I've been down to the water
I've been on top of the world
Somebody should come and see me
Somebody should give me the word

'Cause I don't know how many more I don't know how many more I don't know how many more to see

Sometimes the free thoughts clash Sometimes I see through the grass Sometimes the light begins to dim Somebody should come and be me Somebody should come and free me

'Cause I don't know how many more I don't know how many more I don't know how many more to see

Oh darlin', darlin', I always wanna see you Oh darlin', darlin', I always wanna see you

I cannot learn much more life
I cannot see much more
Somebody should stop the new sight
Somebody should close the door

'Cause I don't know how many more I don't know how many more I don't know how many more to see

Wrapped in a blanket, lyin' in the snow Feelin' like the men felt a long time ago Goin' to find me a home Goin' to build it with my hands Can't you see there's food to be grown Got to dig up, dig up the land
