

Whispering

America

I hear you in my sleep
I've fallen in too deep
Sometimes it's hard to keep
Secrets, secrets

It's like a breath of air
I feel it everywhere
And still I can't declare
Secrets, secrets

Gotta keep whispering on the phone at night
Gotta keep whispering, gotta get it right
Gotta keep whispering 'til the morning light
Secrets, secrets

I need you by my side
Can't say I haven't tried
Sometimes it's hard to hide
Secrets, secrets

Gotta keep whispering on the phone at night
Gotta keep whispering, gotta get it right
Gotta keep whispering 'til the morning light
Secrets, secrets

Gotta keep whispering on the phone at night
Gotta keep whispering, gotta get it right
Gotta keep whispering 'til the morning light
Secrets, secrets

Secrets, secrets

Gotta keep whispering on the phone at night
Gotta keep whispering, gotta get it right
Gotta keep whispering 'til the morning light
Secrets, secrets

Gotta keep whispering on the phone at night
Gotta keep whispering, gotta get it right
Gotta keep whispering 'til the morning light
Secrets, secrets

Gotta keep whispering on the phone at night
Gotta keep whispering, gotta get it right
Gotta keep whispering 'til the morning light
