

# Woman Tonight

America

Oh, hold me tight  
Won't you be my woman tonight?  
Oh, hold me tight  
Won't you be my woman tonight?

I get the shivers up and down my spine  
The only time I'm happy's when I know she's mine  
So hold me, hold me tight

Treat me right  
Won't you be my woman tonight?  
So treat me right  
Won't you be my woman tonight?

First I see you  
And then you let me go  
The only time I touch you's when you don't wanna know  
So hold me, hold me tight, all right.

Hold me tight  
Hold me tight  
Won't you be my woman tonight  
Hold me tight  
Won't you be my woman tonight

I get the shivers up and down my spine  
The only time I'm happy's when I know she's mine  
So, hold me, hold me tight  
Hold me tight, woman tonight
