

Never Meant

American Football

let's just forget everything said. everything we did. "best friends", and "better halves". "goodbyes". and the autumn night when we realized we were falling out of love. there were some, there were some things that were said, like we never meant. not to be overly dramatic, i just think it's best, because you can't miss what you forget. So lets just pretend everything and anything between you and me was never meant.
