Leave Me Alone

American Head Charge

You Always get exactly what you want You This is only my life that you taunt Always giving me enough to keep me quiet Only giving me enough to keep me at bay

Why don't you leave me alone?

I don't need you

This

Is the very thing that I disgust Promise me again And I hope your jaw fucking rusts I did what you wanted didn't I? So, shut up Shut up Shut up Shut up

Why don't you leave me alone? Always on the verge of something Almost about to leave it all I don't need you

Open your blessed wings And wrap them around all your things Keep yourself in the company of kings Cause it's their hands' that bleed from the strings
