

Armageddon Days

American Hi-Fi

Brace yourself before the wave
Of blood and lemonade
Of mother's milk
The rushing blaze
And the beds we never made

Brace yourself
Before the fall
Take a shot at something real

All we want is to be around
When it all goes down

Are we all alone
The lines we cross but nobody knows
Just a prison of skin and bones
Damned if you do damned if you don't
Armageddon days

Save yourself if you can
Exhausted in your faith
There is no us
There never was
Just fear that medicates

Save your tears
Cause no one cares
The world is in your head

All we want is to find a way
When tomorrow breaks

Are we all alone
The lines we cross but nobody knows
Just a prison of skin and bones
Damned if you do damned if you don't

Are we all alone
The lines we cross but nobody knows
Just a prison of skin and bones
Damned if you do damned if you don't
Armageddon days

I don't owe you another life
I don't care I'm not on your side
I don't owe you another life
I don't care I'm not on your side

Hold onto the sky
Hold onto the night
I can't change the things I've done

Hold onto the flame
Hold onto the fire
And tonight it's all I've got

Tonight it's all I've got

Are we all alone
The lines we cross but nobody knows
Just a prison of skin and bones
Damned if you do damned if you don't

Are we all alone
The lines we cross but nobody knows
Just a prison of skin and bones
Damned if you do damned if you don't
Armageddon days

I don't owe you another life (what do you want?)
I don't care I'm not on your side (what do you want?)
I don't owe you another life (what do you want?)
I don't care I'm not on your side

Brace yourself before the wave
Of blood and lemonade
