

# Here They Roll Down

American Music Club

Here they roll down  
Like a miracle that's over  
Here they slow down  
Like a miracle that's over

Tell them for me as you see them speeding by  
That their lights don't light the way  
Tell them for me if you can catch their eye  
That I'd never stand in their way

Here they roll down  
Like a miracle that's over  
Here they slow down  
Like a miracle that's over

You can't find as you're speeding by  
Anywhere you want to stop  
You can't find as you're speeding by  
Anyone to raise you up

Here they roll down  
Like a miracle that's over  
Hey you slow down  
Like the miracle was over

If your broken face can find a lover  
Give away your chance to fly  
Give away your will power

Hey look at me I'm free  
You can hear them fall out  
You can see them toss it up  
You can be caught in their lights as they flash by  
You can go with them without knowing why
