

## Royal Cafe

American Music Club

How do you live traveling like this  
You laugh too much like things used to be funny  
And now it's all a big state of bliss

We had a little party somewhere outside memphis  
We hid a six-pack under the seat  
It's never too late to forget

I can see them all standing around the bar  
With big crowns of gold on their heads  
And they're all blind to who you are  
At the royal cafe

If you keep laughing, I'll forgive you anything  
Watch the towns pass by like tears  
After all the scenery is just a blur  
And the world is just ringing in our ears

Hey princess,  
This passage suspended between now and then  
Make no problem don't worry about anything

Hurry hurry make sure there's no time  
For them to get their claws in us  
Raise a toast at the end of the line  
At the royal cafe

But the harder your pain  
You got to find a way to survive  
With all your pain  
You got to find something to keep alive

Don't worry about the magic kingdom  
They wouldn't even let us near the gate  
Yeah we're just a couple of anchors  
Dragging an empty slate

Are you ready to go  
You'll be happier I know  
Are you ready to go to the royal cafe
