

## Insurrection Ave

American Steel

They wanna isolate the left  
...isolate the right  
...and all of us  
They're gonna polarize the blacks  
...polarize the whites  
and everybody gets caught up in the fight  
I read revolution on the Berkeley walls  
while the red threat waved to the communist fall and from down here  
I read four letter words on the bathroom stalls and in the union halls  
the American Revolution is unfinished there won't be peace until there's justice  
I've got my home-made bombs homespun charms I'll meet you at the corner of Skid Row and Insurrection Ave.  
I get no dough from the Pentagon I can't subsidize my family ties with the IM Fund  
keep the workers working the Guvna say cool off some cool off but I'm feeling red hot I'm feeling tension in the melting pot  
They're gonna blur threat and catastrophe they're gonna blur class lines they're gonna blur all the history  
you can't see an enemy you can't define They're gonna urge you to God and country they're gonna urge you to cross picket lines  
and while the trading is free far overseas they're retouching borders we're all chained behind
