

# More Than Love

Amerie

How can we make it love  
When I don't trust  
How can we make it love

How can we make it love  
When I don't trust you we need more than love  
Cause Everything is everything when were just making love

How can we make it love  
When I don't trust you we need more than love

It's a bad situation  
And I'm tired of pretending  
Everything is alright when we argue half the time almost every night

It's a hard road I'm facing  
So maybe I should keep it moving  
Cause I can only trust you baby  
As far as I can see what's in front of me

You keep telling me that I keep asking you these questions  
That don't make no sense but we both know they do.  
Now we arguing and now you're leaving once again  
And I just sit here wondering what will I do

How can we make it love  
When I don't trust  
How can we make it love

How can we make it love  
When I don't trust you we need more than love  
Cause Everything is everything when were just making love  
How can we make it love  
When I don't trust you we need more than love

Answer me this, now do you really wanna go there  
Cause if we go just know we won't make it back  
Just cause yo girlfriend said it don't make it fact  
If anything her corny ass just make it wack.  
We all say shit then take it back  
I think I listen to too much drake in fact  
Cause I'm the best you ever you had  
Your friends just mad cause I'm the best they never had  
If you don't trust nothing you can trust that  
I come with new shit and have em like what's that  
That's low so, encase you didn't know so  
And trust me I don't even trust me

How can we make it love  
When I don't trust you we need more than love  
Cause Everything is everything when were just making love

How can we make it love  
When I don't trust you we need more than love

And I don't care that you're thinking  
Every time you turn around I'm trippin'

I got my intuition and I got receipts  
I ain't seeing things

It's hard to live with the question  
Who you with and what you're doing  
I'm keeping one eye open  
So don't even try to Jedi my mind

You keep telling me that I keep asking you these questions  
That don't make no sense but we both know they do.

Now we arguing and now you're leaving once again  
And I just sit here wondering what will I do

It's a hard road baby, it's a hard road baby  
It's a hard road baby, loving you loving you yea  
I don't trust you baby, I don't trust you baby  
But I love you baby,  
More than me, more than love, more than you
