

Show Me

Amerie

Oh yeah
Yeah, mmmmm

We were never suppose to go this far for real
Now I see it all so clear
My holding back from you
Just making me want you with me
And now
Now were getting all so close
And want everyday a little more
Each other's touch
What we waiting for
See, whenever I lay down to sleep
Thoughts are swimmin constantly
And I can't deny
The love for you I feel
And whenever I tell you I got to go
My heart starts to feel the pain
Wondering when will I see you again
I can't pretend
I'm feeling like letting you

Feeling like letting you love me (Love me)
Feel like giving you my heart
Show me all the love that you're feelin
Show you all the love that I'm feelin (Give me you love)
The love that I'm feelin
Feeling like letting you love me
Feel like giving you my heart (yeah, yeah)
Show me all the love that you're feelin
Show you all the love that I'm feelin'
The love that I'm feeling, love

I'm tryna think of one good reason for me to stay away
Thinking of the time I spend with you on my mind
It's so hard to be afraid
And whenever I tell you I got to go
My heart starts to feel the pain, oh
And I wonder when will I
I need to see you again, yeah

Feeling like letting you love me (oh)
Feel like giving you my heart (my heart)
Show me all the love that you're feelin (Shoe me all the love)
