

# Somebody Up There

Amerie

You know what they say  
That everything in your life  
Brings you to where you are today  
I know what they mean  
Cuz even with all the bad  
I wouldn't change a thing  
Cuz it lead me to you  
And if one thing was different  
I know you'd be missing  
So there's no regrets  
I can only thank god  
For the day that we met

Somebody up there must love me  
Cuz he gave me you and that's why  
Somebody up there must love me  
Yes I know in my heart and I'll try  
To give you love  
To give you everything you need  
You don't even know how much you've given to me so  
Somebody up there must love me  
Cuz he gave me you and that's why

Now I' would be lying if I said  
That love wasn't trying  
It hasn't always been a piece of cake  
We had mistakes to make  
Ups and downs  
But we always came around  
And we're still here (we ain't goin nowhere)  
We stuck together longer  
That's what made us stronger  
And there's no regrets  
I can only thank god  
For the day that we met

Somebody up there must love me  
Cuz he gave me you and that's why  
Somebody up there must love me  
Yes I know in my heart that I'll try  
To give you love  
To give you everything you need  
You don't even know how much you've given to me so  
Somebody up there must love me  
Cuz he gave me  
He gave me you

No one else can do for me the things that you do for me  
Said you'lll the only one for me  
I love the way you're lovin me  
You are, oh baby not yet  
And it feels so good babe  
To know that you love me

Somebody up there must love me  
Cuz he gave me you and that's why  
Somebody up there must love me

Yes I know in my heart that I'll try  
To give you love  
To give you everything you need  
Cuz you don't even know how much you've given to me so  
Somebody up there must love me  
Cuz he gave me you

Somebody up there must love me (somebody must)  
Cuz he gave me you and that's why  
Somebody up there must love me (gotta love me)  
Yes I know in my heart that I'll try  
To give you love  
To give you everything you need  
And you don't even know how much you've given to me so  
Somebody up there must love me  
Cuz he gave me you

Cuz he gave me you (somebody up there must love me)  
Cuz he gave me you
