

## Hang Me High

Amoral

Can't afford the cost of a life  
That would get lost  
There won't be another round  
As we're rising up to relevance  
Or whatever the circumstance  
It has no right to go on

It's on now!

I'm not about to disagree  
we are all fixed  
Feel free, blame it on me  
Am I a masochist?  
Fuck yes if this is it!  
Passed the deadline  
Still working on it like a bitch!

When they try to scapegoat me  
When I become their property  
Make sure they hang me high  
No need to crucify  
Just hang me high
