

## Perkele (The God of Fire)

Amorphis

I, I woke up  
The God of fire woke me up  
At the edge of burning ground  
I'm, I'm damned  
To put out the fire  
My hand is a trap for that fire

It won't surprise me in my dream  
My dream wakes me up, instantly  
Without a word my hand is a trap  
Trap for that fire

I, I drown it with water  
I kill it on the spot  
It won't have time to run far  
It won't get away from me
