

## Pathological Anger

## Amputated Genitals

All around me increases my blood addiction  
I see my victim across the street  
She looks like a woman of 22 years  
I like to abduct, torture, kill  
Until she starts to bleed  
I like her damaged skin and face of fear  
Then, I want to satiate my se\*\*\*\* appetite  
But she suffers a heart attack  
During the attack suddently  
This beautiful girls drowns in the tub  
Strangled with an electrical cord  
I put my knife in her eyes  
The blood stains the entire bath  
Crushing her skull with a hammer  
Then I push a wooden stick into her mouth  
I start to chew her teats and eat her nipples  
I decided to shot her in the head  
Chunks and pieces of brain over me  
Drinking her blood I feel alive  
I fuck her over the bathmat  
And penetrate her ass with a knife  
The I feel her blood in my dick  
And in the same time  
Stabbing in her back  
Around 40 times  
She is completely dead and cut to pieces  
To dig her grave is what I need to do  
To hide what I have done  
Until the next girl comes
