

# Damage Is Done

Amy Dalley

It's kinda like  
Lighting a firecracker  
It heats and sparks and then burns out  
You're holding onto nothing now  
It's kinda like  
Saying that nothing's changed  
When you come and go and you still think  
You're not changing everything

(Chorus)

I pay the price for loving you this way  
Somedays I win I gain a little ground  
Here you come letting me down  
I'm tired of coming back from your mistakes  
There's nowhere to run from what we've become  
For me it's way too late  
The damage is done

It's gonna hurt  
Being without you here  
The want the need I can't escape  
Feeling like I made a mistake  
It's kinda like  
Watching a red sunset  
It sinks and fades it's gone forever  
It's beautiful but I know better

(Repeat Chorus)

There is no recovery  
The damage is done  
Broken you broken me  
Yeah, yeah, yeah

I'm tired of coming back from your mistakes  
There's nowhere to run from what we've become  
For me it's way too late  
The damage is done

The damage is done  
Yeah it's done  
The damage is done yeah
