

Love's Got An Attitude

Amy Dalley

stumbled to Bongo Java for a cup
they're out of my favorite beans, ain't that my luck
the heater in my car is blowing cold
got my divorce attorney on the phone
he says "girl i got your papers ready."
it's the 14th of February
and all my girlfriends got roses

love's really got an attitude
it'll turn you on, it'll turn on you
it's a sacred song in a wedding dress
it's the tatoo you wake up with
love ain't gonna to make sense
it is what it is

kroger has exactly what i need
Ben & Jerry's and People magazine
walking in slow motion down my aisle
is a stranger with a "come on, getcha some" smile
he's so GQ he could be gay
his pick-up line was boarder line lame
but he's a pilot, and that's hot

love's really got an attitude
it'll turn you on, it'll turn on you
it's a sacred song in a wedding dress
it's the tatoo you wake up with
love ain't gonna to make sense
it is what it is

love's really got an attitude
it'll turn you on, it'll turn on you
if you have it you can't hide it
if you want it you can't find it
you can only complicate it
you can lose or you can make it
but it ain't ever gonna make sense
it is what it is

love's really got an attitude
