

# Safe

Amy Dalley

I watch you sleep  
I listen to you breathe  
You made it through one more day  
Out of harms way  
I feel so helpless  
Sometimes I wanna cry  
Tomorrow scares me to death  
So I hit my knees beside the bed

(Chorus)

If I pray hard enough  
If luck stays with us  
If I have just enough faith  
If wishes really do come true  
And I spend all of mine on you  
Maybe you'll be safe

You'll chase a dream  
You'll find yourself  
You're bound to win a few  
You'll learn to lose  
I promise to  
Teach you everything I know  
I'll make mistakes  
But I'll do my best  
I'll ask God to do the rest

(Repeat Chorus)

When the world leads you  
In your own direction  
Far away from me

(Repeat Chorus)

Maybe you'll be safe  
You'll be safe
