

Some Goodbye

Amy Dalley

I thought we were fine
I thought that I knew you
Never saw signs
To the road we turned into
Did you rehearse it
Was it spur of the moment
When did you decide
That I wasn't worth your time

(Chorus)

What a way to break me
Walk away without warning
Did you think I would make it hard
Break down and cry
Wanna know why
That was some goodbye

I thought we had time
How do I survive this
It feels like a death
Every breath
Catches in my chest

(Repeat Chorus)

I think your right
To leave like you did
Better off gone than to see my like this

(Repeat Chorus)
