

# Don't Lose Any Sleep Over You

Amy Diamond

I won't cry a river,  
I won't set out to fail  
No doubt I can do without your wind beneath my sails

Yes Sir - I bet you were  
Quick to count me out  
But I'm not losing any sleep over you now  
No, I'm not losing any sleep over you now

First round - shake the ground  
I'm still standing  
Stomp & kick 'til your shoes don't fit  
I'm still standing  
I made my way through the bitter nights  
By letting go and turnin' out the lights

You keep pointing fingers  
Pullin' silly pranks  
It don't hurt so in other words  
Thanks but no thanks

So long - I'm movin' on  
I'm walkin' on a cloud

Cause I'm not losing any sleep over you now  
I said,  
I'm not losing any sleep over you now

First round - shake the ground  
I'm still standing  
Stomp & kick 'til your shoes don't fit  
I'm still standing  
I made my way through the bitter nights  
By letting go and turnin' out the lights

Cause I don't - don't lose - lose any sleep over you  
I don't - don't lose - lose any sleep over you  
I don't - don't lose - lose any sleep over you  
I don't - don't lose - lose any sleep over you  
NO!
