

One Of The One's

Amy Diamond

Have you read the news today?
So much hate going 'round - ain't no love to be found
Is everybody out of faith?
Spending most of their lives- trying to waste it

There might be trouble on the way...
But I'll be damned if I surrender...

Rather be one of the ones - that keeps on trying
Rather be one of the few - that won't stop fighting
Rather be one of the ones - that keep surviving
I'll be around - stand my ground
Come whatever....

Some say - choose your ground, don't go down the wrong way
Life ain't easy...
But I don't wanna be afraid
If I crash, if I burn - I will live and I'll learn

When there's a cloud up in the sky - I
Go looking for the silver lining...

Rather be one of the ones - that keeps on trying
Rather be one of the few - that won't stop fighting
Rather be one of the ones - that keep surviving
I'll be around - stand my ground
Come whatever....

I won't stop and I won't give in
Optimist til the very end
Ain't nobody gonna change the way I am
People hating - bonds are breaking
Where's the pride in that?

There might be trouble on the way...
But I'll be damned if I surrender...

Rather be one of the ones - that keeps on trying
Rather be one of the few - that won't stop fighting
Rather be one of the ones - that keep surviving
I'll be around - stand my ground
Come whatever...
