

Beautiful Music

Amy Grant

Once my life had no direction, I was lost as could be
I was caught in a whirlpool, spinning around in misery
I needed a friend, you took me in and you touched my heart
With your song of love you gave me a brand new start

Now there's beautiful music flowin' on through me just like you
said
Angels singin', joy bells ringing inside my head
Since you came inside me, now I'm lost inside your love

You gave me just enough to make me hunger for more of you
Now I'm hooked on your lovin' and I don't want to break loose
With my heart in my hand, I'm yours to command, do what you want
me to
Just never let me go, Lord, I'm so in love with you

Now there's beautiful music flowin' on through me just like you
said
Angels singin', joy bells ringin' inside my head
Since you came inside me, now I'm lost inside your love

Beautiful music flowin' on through me just like you said
Angels singin', joy bells ringin' inside my head
Beautiful music flowin' on through me just like you said
Angels singin', joy bells ringin' inside my head
