Politics of Kissing

Amy Grant

She's looking back to see if he's looking at her They talk without any words And with a smile he's moving heaven and earth She dreams of holding him tight When will the moment be right Got to be diplomatic, a step at a time Don't want to blow it baby

R: That's the politics of kissing To know when to show your hand First thoughts then second guessing A subtle supply and demand Balance of power baby To hold or not to hold That's the politics of kissing You're finding your way as you go, go, go How do you know

Head over heels under the moon looking at you But do you feel it too And if I move in closer what will you do Cause I'm thinking please hold me tight Am I the light in your eyes I wish you had the power for reading my mind 'Cause I'll never say it to you

R:

Oh-oo-oh-oo-oh, oh-oo-oh-oo-oh Oh-oo-oh-oo-oh, oh-oo-oh-oo-oh Oh-oo-oh-oo-oh, oh-oo-oh-oo-oh Oh-oo-oh-oo-oh, oh-oo-oh-oo-oh Oh-oo-oh-oo-oh Hear what I'm sayin' to ya

That's the politics of kissing To know when to show your hand First thoughts then second guessing A subtle supply and demand Balance of power baby To hold or not to hold That's the politics of kissing

That's the politics of kissing To know when to show your hand First thoughts then second guessing A subtle supply and demand Balance of power baby To hold or not to hold That's the politics of kissing
