

The Water

Amy Grant

Quick sand
My heart is sinkin'
I try to run
But I can't stop thinkin'
I'm climbin' walls
I'm on the ceilin'
It's gonna take a miracle to heal me (me)

I'm starin' down
Into the quarry
I see a stone
For every sorry
I'm on the edge
I'm goin' under
And after I die
I'm'onna rise from the water (oooh)

I wanna blast off
Let gravity disappear
I'm tired of fallin', fallin', fallin' from the weight of fear
Come and lift me up into the clean and clear
I'm waitin' on you, Jesus, in the water here
So come and wash me clean

The sky is red, there's
Blood on my hands
I can't deny
I'm guilty where I stand
The verdict's in
I hear them shoutin'
Send me a river to drown this mountain (oooh)

I wanna blast off
Let gravity disappear
I'm tired of fallin', fallin', fallin' from the weight of fear
Come and lift me up into the clean and clear
I'm waitin' on you, Jesus, in the water here
So come and wash me clean

Ooh, Wash me clean, Aaahh, Aaahh

(Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash me)

I wanna blast off
Let gravity disappear
I'm tired of fallin', fallin', fallin' from the weight of fear
Come and lift me up into the clean and clear
I'm waitin' on you, Jesus, in the water

I wanna blast off
Let gravity disappear

Come and lift me up
Into the clean and clear

Ooh, Ooh, Ooh, Ooh

(Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash
me, Heaven wash me)

(Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash me, Heaven wash
me, Heaven wash me)

Oooh, Oooh, Oooh,
