

# Walking In The Light

Amy Grant

The sun woke me up real early  
It's a beautiful morn  
'Cause I'm going down  
To the river to be reborn

Now me and Jesus  
Did some heavy talking last night  
So I'm going down to be dipped  
And come up walking in the light

La  
La la la la la la la la  
La la la la la la la la la la  
La la la la la la la

So I'm going down  
To the river real early this morn  
Jesus said through Him  
We can be reborn

Oh, the joy that's come inside me  
Laughter fills my night and fills my day  
With the song of love to guide me  
And the happy words you send my way

Life with you has made me feel  
The miracle of making melody  
Just a simple wonder  
When you're walking in the light

La  
La la la la la la la la  
La la la la la la la la la la  
La la la la la la la
