

# Kick Me

Amy Studt

(kick me)  
A thousand times i  
Questioned myself why  
I admit it that you hurt me  
I lost the game  
Why was i not in control  
I don't know but that's the thing  
Some how you broke through my defences  
No protection from your sting

Lets play  
Oh i wanna play that game  
That game  
Where you find pleasure in my pain  
I know  
Cause it's like wearin a sign that says kick me kick me  
Lets play  
The game you play so well  
That game  
Come on and give me hell  
Heah you  
Is that the best you can do

Oooh,ooooh

Its not that i need you  
To do what your used too  
Its just you've numbed all sences  
I need to feel  
Some girls can only take so much  
Till they break can't take no more  
Id rather lie so why deny  
I've been hurt by you before

Lets play  
Oh i wanna play that game  
That game  
Where you get pleasure in my pain  
I know  
Cause it's like wearin a sign that says kick me kick me  
Lets play  
The game you play so well  
That game  
Come on and give me hell  
Heah you  
Is that the best you can do  
(kick me kick me)
