

Fall Asleep Under The Sky

Amyst

Still I'm here to question why can't we whisper to each other?
Why scream at one another accomplish all but nothing as we are
(2x)

Staring into the sky
Hoping to find a reason why,
Fall asleep under the sky,
Our light will never die.

Fall asleep with me
Do you feel alive?
Cause I do with you.
And we're about to find out who we really are inside,
Can you feel we're moving forward?

Staring into the sky
Hoping to find a reason why,
Fall asleep under the sky,
Our light will never die.

(Our light will never die...)

I wanna go back to those days someday,
I'll bring them back,
I'll retrace my steps with someone else,
And you will be...

... Staring into the sky
Hoping to find a reason why,
Fall asleep under the sky,
Our light will never die.

Staring into the sky
Hoping to find a reason why,
Fall asleep under the sky,
Our light will never die...
