

Little Lungs

An Horse

And I thought you had ruined it all,
And I thought you were going to hell.
And I thought I had ruined it all,
And I thought I was living in hell.
But I get it now,
Yeah I get it now.

And they said that I had to be strong,
And they said I should stick to the plan.
And they said that it wouldn't take long,
And they said just remember the plan.
And I get it now,
Yeah I get it now.

But sometimes, it gets a little cold inside
And I know you tried,
Yes I know you tried.
But they told me, they told me,
Things aren't always as they seem,
They seem.
And they told me, they told me,
I should just concentrate and
Breathe,
Breathe,
Breathe.

And I thought I was doing okay,
Well I thought you were doing so well.
And I know you are doing okay.
But I know there is that deep well
That you won't look into,
No you won't look into.

But sometimes, it gets a little cold inside
And I know you tried,
Yes I know you tried.
But they told me, they told me,
Things aren't always as they seem,
They seem.
And they told me, they told me,
I should just concentrate and
Breathe,
Breathe.
The little lungs I
Breathe.
The little lungs you
Breathe.
The little lungs I
Breathe.
The little lungs you
Breathe.
The little lungs I.

And I know you were doing okay.
And I know you were doing so well.
And you changed this hall,
You changed this hall.

You changed this hall,
You changed this hall.

And I didn't reply to your letter 'cause,
No I didn't reply to your letter 'cause,
I'm not here yet.
I'm not here yet.

And they said that I had to be strong,
They said I should stick to the plan.
Breathe.
The little lungs we
Breathe.
The little lungs we.

And they said that it wouldn't take long,
They said just remember the plan.
Breathe.
The little lungs we
Breathe.
The little lungs we.

Kate & Damon:
Breathe,
With little lungs we.
