```
Sometimes
I think you're a wealthy man
In your head
The way you deal with regret
But once in while
Now and then
Even you
Get upset
In trance
Listening to you
In suspense
Nothing else to do
But your ranch-style
Supersmile
To see through
For a while
As sudden tears fall
As sudden tears fall
As sudden tears fall
As sudden tears fall
I'd like to
Dry them all
Since you came
Lookalikes are never the same
The firstborn's to blame
And I connect
I expect
Recovery from
What I detect
Yesterday
It made a raid on me
Strange
I've still got this rage
Like some stomach ball
Striking me
Penalty
In my goal
As sudden tears fall
I'd like to dry them all
I'd like to dry them all
```
