

Crest of the Wave

Ana Johnsson

We can never know if we will fade
Or stay strong
We can never know what is right
Tell me what is wrong

Off shore in the deep darkness
Off course when your senses sharpen
Yeah

Lets ride the crest of the wave
Lets ride the crest of the wave
Lets ride for the rest of our days
Lets ride the crest of this wave

We can never know if it's here
We belong
We can never know if its here
Or if its gone

Off centered when the world is spinning
Makes you dizzy richt in the beggining

Lets ride the crest of the wave
Lets ride the crest of the wave
Lets ride for the rest of our days
Lets ride the crest of this wave
Yeah

Lets just ride the crest of the wave
Yeah babe
