

# Exception

Ana Johnsson

Pride is for the privileged  
Pride is for a few  
Who can't afford a conscience clean and morals too  
You can't undo what can't be undone  
I can't rewind and so I run

Exception, yeah  
You are my exception  
Exception, yeaaaah  
Exception

You came to me with confidence  
I saw the devil smile  
He said "hey here's your second chance"  
Redemption for a life  
A heart-shaped magic lucky charm  
My gift to you will keep me warm

Exception, yeah  
You are my exception  
Exception, yeaaaah

If I can be your angel  
Flying through a desert storm  
A soothing calm oasis  
You will always be my one  
Exception  
Exception

I had an inner vision  
Attacking from behind  
A backstabbing illusion  
No smoke without a fire  
You told the truth I lived a lie  
There's nothing I won't sacrifice

Exception, yeah  
You are my exception  
Exception, yeaaaah

If I can be your angel  
Flying through a desert storm  
A soothing calm oasis  
You will always be my one  
Exception  
You are my exception

Exception, yeah  
You are my exception  
Exception, yeaaaah
