

Change My Mind

Ana Popovic

I'm thinking 'bout leavin' babe, change my mind
I'm thinking 'bout givin' us up, boy
And if it matters to you show me a sign
I'm thinking 'bout leavin', change my mind.

I'm tired oftalkin' honey, i need more
I'm thinking 'bout walkin' out that door
The way we treat each other is just a crime
I'm thinking 'bout leavin', change my mind.

Give me a reason to believe
There's a chance for you and me
And I won't go
If you think we're still worth saving let me know ...

I don't think you need me, honey, change my mind
You make me feel like I ain't worth a dime
Any objections now's the time
I'm thinking 'bout disappearing, change my mind.

If you're willing baby, I am, too
We could start all over, me and you
Hard as it is, baby, I'm drawing a line
I'm thinking 'about leaving, change my mind.
