

What you call genocide, I call a day's work.

Every God is evil. Every bit as Satan!
What can it be, is it our savior?
How must we praise it and debate ourselves?
Can it give us meaning?
Is this the Idol we've been searching for?

A lousy form...of shit and piss.

Go away and worship this Idol!

What can it be, is it our savior?
How must we praise it and debate ourselves?
Can it give us meaning?
Is this the Idol we've been searching for?

You Will Worship Now! (I AM GOD!)
